Implementation Plan  
Docket No. 99-00258

I am enclosing an original and 13 copies of a motion requesting Tennessee Regulatory Authority to continue action on its petition for approval of an intraLATA toll dialing parity implementation plan until such time at approximately 60 days prior to Ben Lomand Communications, Inc.'s signing up customers for its local exchange carrier service in the cities of McMinnville and Sparta; however, it is requesting that the TRA sustain its motion to revise its petition mailed for filing on April 22, 1999.

Very truly yours,

MOTION

---

Comes Ben Lomand Communications, Inc. (BLC) and does respectfully move the Tennessee Regulatory Authority that its petition filed for approval of its IntraLATA Toll Dialing Parity Implementation Plan to be implemented June 1, 1999, which was mailed for filing on April 14, 1999, and received by the Tennessee Regulatory Authority on April 16, 1999, be held in abeyance and action thereon be continued as it has no existing customers to which local exchange service is being offered and does respectfully move and request that action on BLC's petition be continued until on or about 60 days prior to the first local exchange carrier service is offered at which time the petitioner would move that action be taken on its revised plan. However, Petitioner would respectfully request that action on its motion to revise its original plan be sustained.

Respectfully submitted, this 4th day of June, 1999.
